

Dear DAN Instructor,

RE: 2015-16 DAN AP Instructor Renewal

We at DAN AP hope it has been a successful one for you and that you have been enjoyably and actively teaching the DAN courses.

This is formal notification of your Instructor Renewal for 2015-16. The requirements are listed below and the renewal fees are listed on the accompanying form. However, Instructors who were originally certified between 1 January 2014 and 30 June 2015 only need to pay a renewal fee of \$15 for each status.

A late fee of \$20 will apply to those who renew after 31 August.

There are two levels of renewal, which depend on when you last taught a course and if you have been reassessed, if and as required: (1) Active; and (2) Sustaining

- *All renewals apply from 1 July 2015 to 30 June 2016.*

Maintaining “Active” Status

In Australia

In addition to the teaching and reassessment requirements below, all Instructors in Australia are required to:

- provide evidence of current liability insurance
- provide details of ongoing vocational competency for the courses you are licensed to teach (updates attended, certifications obtained etc)
- provide certified copies of current provider level certificates you have attained (you must have a current provider level rating for any courses you wish to teach)

Oxygen Instructor

To remain active in Australia, an Oxygen Instructor who has not been reassessed for longer than 12 months must be assessed on CPR and use of the DAN Oxygen Unit. Reassessment can be arranged by attending part of a DAN Oxygen Instructor or an Oxygen Provider Program in your area. Please contact us to discuss the options. In addition, for this current renewal, to gain Active Status you must have conducted at least one DAN Oxygen Provider Course and certified at least 2 new students during the year.

In addition to re-assessment, **Oxygen Instructor-Trainers** must have taught at least two DAN Oxygen Instructor Courses and certified at least **4** DAN Oxygen Instructors during the year.

Divers Alert Network

First Aid Instructor

To remain active in Australia, a First Aid Instructor who has not been reassessed for longer than 12 months, must be assessed on CPR. Reassessment can be arranged by attending part of a DAN Instructor Program, if one is scheduled in your area, or by completing an accredited First Aid course (to at least the level you wish to teach). Please contact us to discuss the options. In addition, for this current renewal, to gain Active Status you must have conducted at least one DAN First Aid Provider Course and certified at least **4** new students during the year.

In addition to re-assessment, **First Aid Instructor-Trainers** must have taught at least one DAN First Aid Instructor Course and certified at least **4** DAN First Aid Instructors during the year.

Outside Australia

Oxygen Instructor

Instructors operating in other countries in the Asian-Pacific Region can maintain Active Status by conducting a DAN Provider Course and certifying at least 2 new students every 2 years. However, a renewal fee is due each year.

First Aid Instructor

To remain active, a First Aid Instructor who has not been reassessed for longer than 24 months, must be assessed on CPR. Reassessment can be arranged by attending part of a DAN Instructor Program if one is scheduled in your area, or by various other means. Please contact us to discuss the options. In addition, to remain an Active First Aid Instructor, you must conduct a DAN First Aid Course and certify at least 2 new students during the year.

IMPORTANT

A Sustaining Instructor is not permitted to teach programs until he/she has been granted Active status. Sustaining status may only be maintained for a maximum of 2 years after which it will be necessary to upgrade to Active Status. If this is not done, DAN Instructor status will expire and it will be necessary to complete another Instructor Course to regain DAN Instructor status.

INSTRUCTORS MUST BE CURRENT MEMBERS OF DAN ASIA-PACIFIC (or another IDAN entity*) WHEN RENEWING AND WHEN TEACHING DAN PROGRAMS. Please be aware that this Instructor Renewal Fee is additional to your personal DAN membership which must be current before we can process your Instructor Renewal.

Those instructors that belong to another DAN entity (e.g. Nationals of another DAN region) need to:

- Provide evidence of DAN Membership with this renewal application; AND
 - Complete a subscription form and pay a subscription fee to DAN AP.
- This is to ensure that you receive the required health and safety information and regional information.

Training Feedback Email

We encourage DAN Instructors to feedback any concerns or positive comments on our courses to a dedicated email at training_feedback@danap.org
