

HLTFA211A - PROVIDE BASIC EMERGENCY LIFE SUPPORT		Student Names											
CPR ASSESSMENT													
DANGER	HAZARDS TO SELF												
	HAZARDS TO OTHERS												
	HAZARDS TO VICTIM/S												
	STANDARD PRECAUTIONS (GLOVES, MASKS)												
RESPONSE	RESPONSE TO VERBAL												
	RESPONSE TO TOUCH												
SEND FOR HELP	ASK BYSTANDER TO CALL AMBULANCE / MEDICAL ASSISTANCE												
AIRWAY & BREATHING	OPEN AIRWAY (HEAD TILT AND CHIN LIFT)												
	CHECK FOR NORMAL BREATHING (LOOK, LISTEN, FEEL)												
	RECOVERY POSITION IF BREATHING												
COMPRESSIONS AND BREATHS	LOCATE COMPRESSION POINT												
	30 COMPRESSIONS FOLLOWED BY 2 BREATHS												
	RATE 100PM												
	DEPTH 1/3 CHEST												
2 OPERATOR CPR	AS PRIMARY RESCUER (BREATHS)												
	AS SECONDARY RESCUER (COMPRESSIONS)												
DEFIBRILLATION	DEFIBRILLATION - DEMONSTRATE ON TRAINER												
VARIATIONS AND COMPLICATIONS	VOMITING AND REGURGITATION												
	FOREIGN BODY OBSTRUCTIONS												
	DISCUSS VARIATIONS FOR INFANTS												
	DISCUSS VARIATIONS FOR PREGNANT WOMEN												
REPORTING REQUIREMENTS	RECORD INFORMATION FOR AMBULANCE / MEDICAL PERSONNEL												
	INCIDENT REPORT FORMS IN THE WORKPLACE												
	NOTE TAKING DURING INCIDENT												

Student initials

UNRESPONSIVE BREATHING VICTIM SCENARIO Assessment																			
PRIMARY SURVEY	STANDARD PRECAUTIONS																		
	CHECK FOR DANGERS TO SELF, OTHERS & VICTIM																		
	CHECK FOR RESPONSE																		
	SEND FOR HELP																		
	OPEN AIRWAY																		
	CHECK FOR NORMAL BREATHING																		
	POSITION VICTIM CORRECTLY (RECOVERY POSITION)																		
	QUICK CHECK FOR, AND CONTROL OF, LIFE-THREATENING BLEEDING																		
VITAL SIGNS SURVEY	PULSE (RATE, RHYTHM AND STRENGTH)																		
	RESPIRATION (RATE, DEPTH, RHYTHM, SOUND)																		
	RECORD INFORMATION FOR AMBULANCE/MEDICAL PERSONNEL																		
SECONDARY SURVEY	HEAD-TO-TOE BODY CHECK																		
HISTORY GATHERING	ASKING BYSTANDERS WHAT HAPPENED																		
REPORTING REQUIREMENTS	INCIDENT REPORT FORMS IN THE WORKPLACE																		
RESPONSIVE VICTIM SCENARIO Assessment																			
APPROACH	STANDARD PRECAUTIONS																		
	CHECK FOR DANGERS TO SELF, OTHERS & VICTIM																		
	CHECK FOR RESPONSE																		
	PROVIDE REASSURANCE TO VICTIM																		
	REQUEST PERMISSION TO ASSIST																		
	SEND FOR HELP																		
	POSITION VICTIM APPROPRIATELY																		
VITAL SIGNS SURVEY	PULSE (RATE, RHYTHM AND STRENGTH)																		
	RESPIRATION (RATE, DEPTH, RHYTHM, SOUND)																		
	LEVEL OF CONSCIOUSNESS (WHO, WHERE, WHEN)																		
	RECORD INFORMATION FOR AMBULANCE/MEDICAL PERSONNEL																		
SECONDARY SURVEY	D.O.L.O.R.																		
	HEAD-TO-TOE CHECK																		
PROVIDE APPROPRIATE FIRST AID	PROVIDE APPROPRIATE FIRST AID WITHIN FIRST AIDERS LEVEL OF TRAINING																		
	USE APPROPRIATE EQUIPMENT IN THE ADMINISTRATION OF FIRST AID																		
	ASSIST WITH SELF MEDICATION WHERE APPROPRIATE (eg. ASTHMA MEDICATIONS)																		
REPORTING REQUIREMENTS	INCIDENT REPORT FORMS IN THE WORKPLACE																		

Student initials														
POST INCIDENT EVALUATION	SEEK FEEDBACK FROM APPROPRIATE CLINICAL EXPERTS AND IDENTIFY IMPROVEMENTS WHERE REQUIRED													
	RECOGNISE POSSIBLE PSYCHOLOGICAL IMPACT ON RESCUERS													
	PARTICIPATE IN DEBRIEFING/EVALUATION AS APPROPRIATE
